President's Report

Hope all is well as we are in the final stretch to get through these cold winter months. Due to our Club calendar featuring two months at a time, the Board has decided to send the Crier out bi-monthly to help save costs on printing and postage. The Board are looking into other cost saving incentives to recover from the slow winter months. We as all of us are paying increases on many of our day to day purchases. This is also being reviewed closely as we have not done any price increases for a couple of years now. We have worked out the cost of our fish dinners and unfortunately the club is forced to increase fish & shrimp dinners by \$1.00 a plate. The quality & portion size is incomparable to what one may get elsewhere. As we have mentioned in many previous Criers, the Board is always striving to keep this Club enjoyable for all.

We are trying something new for the Club this year: We will be having a St. Patrick's Day Event on Tuesday March 17th. There will be three bands for entertainment, along with traditional corned beef & cabbage and steak pie dinners for \$10.00 a plate. There is no cost at the door. If you wish to attend this event and would like dinner, please leave a message on the club phone or let the bar staff know as we are expecting a large crowd and want to ensure we are prepared with enough food.

March 21st is the Club Bi-Annual meeting to discuss the next six month plan along with current financial stability as the Club moves into the second quarter of 2020. This is your Club! Should of or could of and any thoughts of this Club's operation need to be addressed at this meeting. There will be changes made prior to the AGM in September and you the members need to attend and voice your opinions.

Thank you, and hope to see you soon at the Club.

Stephen
